**I do not believe this proposal for a quarry is suitable in this area for a number of reasons.**

**I am a staff member at Eagleton Ridge Respite Centre and my job is to care and look after people with a disability. The centre has been going now for 17 years in six mile rd and there are so many clients who have stayed here and access this facility. It is unfair to expose this centre to another industry which could affect its services to the disable community, why should we be at the mercy of some developer who wont even be living at his development site. I think this quarry will be a problem for all of us in the future at this centre, especially with noise and dust and blasting. I doubt whether the developer can 100% guarantee that his quarry wont affect us here at the centre.**

**I also think its unfair for the other people in this neighborhood who will have to live with the issues this quarry will bring. I hope that the powers that be consider the impacts that this quarry would bring to the centre and the neighborhood, especially in regards to DUST, NOISE, BLASTING, TRAFFIC AND MY EMPLOYMENT HERE AT THE CENTRE.**

**Thank you for considering my submission.   Melanie Blue. Support Worker E.R.R.C.**
