Barleigh Ranch Way Eagleton NSW 2324

I wish to express my concerns & objections with the proposed above DA. As a staff member of Eagleton Ridge Respite Centre (ERRC) for the last twelve months, I believe the impact of the approval of this DA will be absolutely devastating. Not only to the air quality of the area, also sound & vibrations because of the proximity of proposal to ERRC but also to all the flora & fauna indigenous to this area. My colleagues & I will be at serious risk of job loss, as the ramifications from this DA I believe will be catastrophic to ERRC clients. Thank you for taking the time to read my concerns.
