REF: Opposing the Eagleton Hardrock Quarry Development

Application No: SSD 7332

Location: Lot 2 DP1108702, Barleigh Ranch Way, Eagleton

Applicant: Eagleton Rock Syndicate Pty. Ltd

I am opposed to the development of the above quarry. I wish to lodge a strong objection to the proposed Eagleton Hardrock Quarry and am deeply concerned about the impact of the quarry on our community.

According to a letter forwarded by Councillor Peter Kafer on behalf of Wayne Wallis (General Manager Port Stephens Council) I am as a concerned individual permitted to lodge my objections and then provide a further more detailed submission within fourteen days. Due to the length of the EIS and the short time I have had to read and consider the material I indeed wish to do just that.

In the mean time I wish to lodge an initial objection to Eagleton Hardrock Quarry Development and will provide a detailed submission within fourteen days that will explain my objections on the following grounds:

Concerns regarding the impact on our environment and community in relation to

Noise

Public safety

Operation of the proposed quarry

Additional traffic

Potential employment downturn for local businesses

Water contamination of Grahamstown Dam catchment

Regard,
