

12th October 2018

To whom it may concern,

Banksia Group currently contract to Whitehaven Coal. We employee approximately 60 full-time employees within the Narrabri and Gunnedah area.

With the help of Whitehaven Coal, we have been able to grow our local family business in a great community. This in turn has provided stable employment and training opportunities to locals so they can relish in a great area.

We believe that if Vickery is given the green light, our business and the community will grow with Whitehaven Coal. This will ensure the continuation of stable employment, training and further education opportunities and provide stability and growth for the local economy.

Yours sincerely,

Adam Moss
Managing Director
Banksia Group Pty Ltd
