To whom it may concern,

Daracon are pleased to offer our strong support for the submission for the approval of the Vickery mine. Daracon have operated in the Gunnedah basin for the last 13 years.

Daracon have been briefed on the proposal and believe that the Vickery project will be a great benefit for the Gunnedah Basin. The Gunnedah basin community is well equipped with infrastructure to support the construction and operation of then Vickery mine. Daracon can see the benefits for the Gunnedah Basin community both economically and socially.

On behalf of Daracon Engineering Pty Ltd we commend Whitehaven Coal for the Vickery mine proposal and support the approval of the Vickery Mine project.

Should you require any further information please contact myself.

Yours faithfully

Andrew Forbes | Manager | DARAACON GROUP
