### **Martins Creek Quarry Expansion Project SSD 6612 - Letter of Support**

Extreme Performing Arts Studio confirms its support for the Martins Creek Quarry Expansion Project.

Over the coming years, all indicators show that the Hunter Region is due to grow and to service this growth; Martins Creek Quarry will play an important role in supplying hard rock material in construction projects. The expansion project proposed by Daracon has the potential to alleviate concerns over the regions ability to meet future construction demands required to meet a growing population in the Hunter Region.

Should the project not be approved, it will have the impact of removing one of only three suppliers in the region, lessening competition thus having a potential upward impact on the prices of materials and construction costs.

Our business supports the proposal by Daracon.

Yours sincerely,

Elisha Watkins
