## engineering surveyors

14 November 2016

Dear

### **Singleton Survey Services Pty Ltd**

I'm writing to you to show my support for the expansion of the Martin's Creek Quarry. This Quarry plays a big part in the infrastructure of our local region. The quarry helps maintain the jobs over 850 employees and over 1000 contractors and more importantly their families.

The construction industry relies on the Quarry as one of only a couple of hard rock suppliers. This Quarry supplies materials to many projects across the region, Road and rail construction, housing and other public infrastructure all crucial to the growth and prosperity of all who live in the here.

For our region to grow at the rate we would like, not only do we need to support local jobs, we need to be able to service the demands of a growing population with the building materials required to do just that.

Thank you

Yours faithfully  
singleton survey services pty ltd
