Martins Creek Quarry Project SSD 14_6612 - Letter of Support

Dear Sir

We write to support the Martins Creek Quarry Project

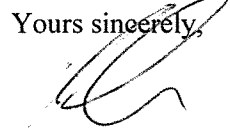

Tomago Transport has been transporting material from the Martins Creek Quarry for several years. The product has been transported for use in road maintenance and construction projects. Most recently we transported materials from Martins Creek Quarry for work commissioned by Roads and Maritime Services on Wine Country Road; as well as road maintenance activities within the Maitland Council area.

We are currently transporting materials for the redevelopment of the Greenhills Shopping Centre at East Maitland.

We also provide transport services for the Martins Creek Quarry products that are used at Port Waratah for road maintenance of the coal loading facility.

We anticipate the NSW State Government will provide appropriate consent for the project to proceed and continue to supply high quality hard rock material to the Hunter and surrounds.

We have not made a reportable political donation.

Yours sincerely,

Robert Quinn,
