To whom it may concern,

I am writing this letter in support of the proposed Martins Creek Quarry expansion project. Application number SSD 6612.

I have been employed by Daracon group for XXXX years. As a long term employee of Daracon I have been lucky enough to have been employed continuously through hard times, through the down turn in the mining industry and the GFC. Daracon employs over 800 people and the Martins Creek Quarry expansion provides job security to many of us working for Daracon.

The Quarry also provides materials to many local and state projects crucial to the region: road construction, housing, railway construction and public infrastructure. The Quarry doesn't just provide job security to employees but provides security to the delivery of these of these projects.

I have not made a reportable political donation.

Kind Regards,

Sue Tredinnick
