RE: MARTINS CREEK QUARRY EXPANSION PROJECT SSD 6612

I am pleased to provide this letter in support of the proposed Martins Creek Quarry Expansion Project.

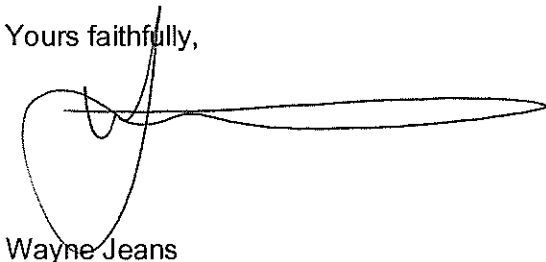

I have been employed by Daracon group for over 12 years. As a long term employee of Daracon, I have been lucky enough to have been employed continuously through some pretty hard times, through the down turn in the mining industry and the GFC. Daracon employs over 800 people and the Martins Creek Quarry expansion provides job security to many of us working for Daracon.

The Quarry provides materials to many projects crucial to the growth and prosperity of the region: road construction, housing, railway construction and other public infrastructure. I work on these infrastructure projects on a daily basis. The quality of the Martins Creek Quarry materials is of very high standard. I am confident when using these materials the job will also be finished to the highest of quality.

It is for these reasons that I support the Martins Creek Quarry expansion project.

I have not made any reportable political donations.

Yours faithfully,

Wayne Jeans
