Dear Sir/Madam

## **Martins Creek Quarry Project SSD 14\_6612 - Letter of Support**

We write confirming our support for the Martins Creek Quarry Project.

We are concerned should the project be refused or provided with consent conditions that significantly reduce the amount of product that can be quarried it will impact the economic and employment options available within the lower Hunter.

We are a proud locally based Hunter company and we have a strong history of providing services to small and medium local companies within the Hunter region. Daracon are also a local company employing 800 people, with the majority living within the Hunter region – the flow effects of this alone is significant for the Hunter region. Our business has a policy of sourcing our business requirements from local Hunter companies.

We are concerned that any impacts on the quarry production will impact upon local economy and jobs.

Please do not publish my personal details.

Yours sincerely

Scott Lawrence  
Director/Manager
