Martins Creek Quarry Project SSD 14_6612 - Letter of Support

We write to provide our support to the Martins Creek Quarry Project.
We understand the EIS comprehensively addresses the Secretaries Environmental Assessment Requirements.

The proponent, Daracon, employs over 800 people, and is a significant employer of people from within the Hunter Region.

Our business makes and supplies trailers for the Daracon truck fleet. On average we supply between 4 to 5 trailers each year.

Martins Creek Quarry is an important part of the Daracon business and its flow on effects are enormous, not just for local Hunter businesses but for businesses like mine.

Please register our support for the Martins Creek Quarry Project.

Yours sincerely
