Attn: Director Resources Management

I write this letter in support of the Martins Creek Quarry Expansion Project (SSD 6612).

I work for Daracon and this project is important to me and my family as it provides me with job security. There is also another 800 people employed by Daracon that would also be relying on this project for their job security.

Further to my job security, the Quarry also plays an important role for the prosperity and growth of the Hunter Valley region. The construction industry relies on the Quarry as one of three hard rock suppliers in the region and if the Hunter Valley grows as planned, Martins Creek Quarry will play a part in supplying the necessary materials for major infrastructure projects.

I believe this project will be a win for all people in the Daracon Group and the local community.

I have not made any reportable political donations.

Regards,

A handwritten signature in black ink, appearing to read 'Tony Brown', with a small dot at the end.
