To whom it may concern,

I would like to formally show my support for the Martins Creek Quarry Expansion Project.

While I am not a direct employee of Daracon, this project is important to continue to employ many of us who indirectly work for Daracon. There are a lot of subcontract and labour hire employees which add to the 850+ direct employees.

Martins Creek quarry produces some of the highest quality construction materials used in the construction industry and if we were to lose this source, there will be many projects that will not go ahead in the Hunter Valley in the future.

I have not made any reportable political donations.

Yours faithfully,

Adam Fergusson
