Attention: Planning Services.

Dear Director Resources Management,

I am writing in support of the Martins Creek Quarry Expansion Project (SSD 6612) as proposed by Daracon Group.

My name is Stuart and I currently work for Daracon and have done so for the last 2 years alongside extended family members. The impact this would have on my family would be extremely difficult if the expansion was to not go ahead.

In this time I have worked on many projects that rely on the quarry for its hard rock materials. I also know of many projects outside of Daracon that also rely on the materials available from Martins Creek Quarry. I believe it is one of only 3 hard rock quarries of this kind in the region.

The closure of this Quarry would greatly impact future infrastructure projects but also the 800 employees of Daracon.

I have not made a reportable political donation.

Yours faithfully,

Stuart Johnson
