To whom it may concern,

I support the proposed Martins Creek Quarry Expansion Project - Application No. SSD 6612.

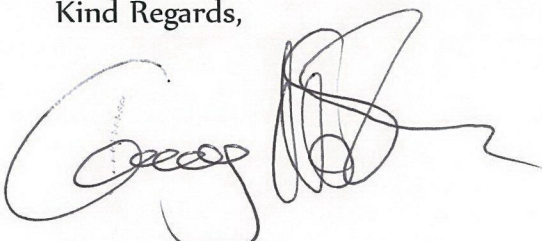

As an employee to Daracon, the expansion project is important to me as we risk losing jobs should the expansion not proceed. Daracon currently employs over 800 staff but without the ability to supply construction materials to the projects we work on, I fear our jobs would be at risk should the expansion not go ahead.

I deliver concrete to our various job locations around the hunter, but also to other construction sites for all different sized companies. Construction companies rely on the quality products Daracon can deliver. Daracon can only do this through the high quality products that come out of the Martins Creek quarry.

In conclusion, I support the Martins Creek Quarry Expansion Project

I have not made a reportable political donation.

Kind Regards,

Gregory Noble
