To Whom it may Concern,

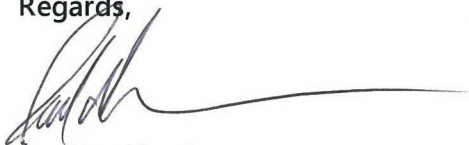

I write this letter in support of the Martins Creek Quarry Expansion Project (SSD 6612).

I have worked for Daracon for over 15 years and this project is important to me and my family as it provides me with job security. There is also another 800 people employed by Daracon that would also be relying on this project for their job security

Further to my job security, the Quarry also plays an important role for the prosperity and growth of large commercial landscape projects in Hunter region. The construction and Landscape industry relies on the Quarry as one of three hard rock suppliers in the region and if the Hunter Valley grows as planned, Martins Creek Quarry will play a part in supplying the necessary materials for major infrastructure projects.

I have not made any reportable political donations.

Regards,

A handwritten signature in black ink, appearing to read 'Paul Wolfenden', with a long horizontal flourish extending to the right.
