Martins Creek Quarry Project SSD 14_6612 - Letter of Support

Dear Sir

I support the Martins Creek Quarry Project.

I currently work as a truck driver transporting materials from Martins Creek Quarry. I transport materials across the Hunter region and see the employment generated as a result of road maintenance and other construction activities. Martins Creek Quarry has operated for 100 years.

I am concerned if there is a reduction in supply from the Martins Creek Quarry there will be an impact on jobs and the local economy. With the downturn in the coal industry this will have a negative impact on those seeking employment in the construction industry.

I am also concerned about my job security if the approval for the project reduces the quantity of product produced and made available to local industry..

I have not made a reportable political donation.

Please with hold my personnel details from public exhibition.

Yours sincerely
