RE Martins Creek Quarry Expansion - Application No. SSD14\_6612

Dear Sir/Madam

I oppose the Martins Creek Quarry Expansion (give your reason):

1) For reasons of safety. - The increased number of trucks on the road would be intolerable - smashed windscreen, stone chips and fear as they hurtle towards you. Also the little township of Paterson has two very nasty corners to negotiate. How there hasn't been a accident to this point I do not know. Trucks I'm afraid have their own set of rules when it comes to centre lines on roads.

2) Noise. - blasts are so strong the house shakes and cracks have appeared in plaster work - I even had a toilet system come off its mount and flood a small flat off my garage. it must have been the quarry as we have had no earthquakes
