PLANNING SERVICES: RE:

MARTINS CREEK QUARRY EXPANSION &

APPLICATION NO. SSD-16-6612

Dear Sir/Madam,

I oppose the Martins Creek Quarry
Expansion.

I live next to the Quarry. Since
Daracon acquired it this has occurred.
1. Our beautiful 4 ft wide creek has
become a 30 ft wide danger to homes
when it rains. The water undermines
the roads, washing away parts of the
kerb into her murky depths. Bad luck
if we are walking there or even parked.

2. Flooding is extensive now when it rains also too from the roadway, coming off the Quarry. The mountain has already collapsed once, next time may be a fatality.

3. Flattering 150 acres of forestry, which may I say have an abundance of bird life as well as wild life dwelling there is a poor oversite of Daracen. There are also rare trees there (300 left in Australia).

4. The amount of trucks coming through everyday now has increased already. Noise, dust, road damage, bridge damage not being attended to. Trying to get out of the street is a horror story. The trucks need all of the road to get around and into the street & bad luck if you are there before them. IT IS DANGEROUS! Put yourself in our shoes.
80 Trucks thundering up your street

3

at 4.30 am etc whilst you are
in bed trying to sleep.

This small town is very little but
we love it and I'd hate to see it
destroyed by another "TRUMP"
movement i.e. Biggel is Better.

Please help us, not destroy our lives.

We are very "residential" not commercial.

yours faithfully
L. Mott.

I have not made a reportable political donation.
