I am writing to lodge my support in relation to the Martins Creek Quarry Expansion Project as proposed by Daracon Group (SSD 6612).

I am an employee of Daracon Group, and in my role as a stemming truck driver, I deliver stemming material from the Martins Creek Quarry to Hunter region mines. Daracon has the largest fleet of specialised stemming trucks in the Hunter which mainly carry stemming material from the Martins Creek Quarry to mines within the Hunter.

I support Daracon's Martins Creek Quarry Project as it offers employment opportunities and economic sustainability to the local region.

I have not made any reportable political donations.

Regards,

Rodney Marshall
