Metford NSW 2323

To whom it may concern,

I write this letter in support of the Martins Creek Quarry Expansion Project (SSD 6612).

I have been employed with Daracon Group since October 2010 and I work as a Stemming Truck Operator. In my capacity as a truck driver I have been involved in several mining operations within the Hunter, which require the stemming aggregate be delivered and loaded in the blast holes.

As part of the transport team at Daracon I strongly support the Martins Creek Quarry Project allowing Hunter mines to utilise locally sourced stemming material aiding Hunter region employment as well as the local economy.

I have not made any reportable political donations.

Regards,
