Martins Creek Quarry Project SSD 14_6612 – Letter of Support

Peter Trappel Earthmoving Pty Ltd has been working for Daracon for over 10 years now and has regular work with them which has allowed us to expand our business from one single tipper to a fleet of seven trucks and dog trailers. The expansion of Martins Creek Quarry will mean that we can continue to keep our trucks on the road comfortably. We also have used Martins Creek Quarry for material for our private jobs for over 20 years.

Daracon employs more than 800 people and is a significant employer in the hunter Region. Through employment and the supply of hard rock materials, Martins Creek Quarry has long contributed to the economic growth of the Hunter Region and the State.

The expansion project proposed by Daracon has the potential to alleviate concerns over the regions ability to meet future construction demands required to meet a growing population in the Hunter Region.

It is for this reason: we support the Martins Creek Quarry Project.

Yours Sincerely,

Peter Trappel

Director

Peter Trappel Earthmoving Pty Ltd
