Martins Creek Quarry Project SSD 14_6612 - Letter of Support

Dear Sir

I support the Martins Creek Quarry Project.

I work as a truck driver transporting materials from Martins Creek Quarry.

The quarry directly and indirectly provides employment for many local people. I am concerned if there is a reduction of output from the quarry this impact on jobs in the lower Hunter, especially the local council areas of Dungog, Maitland, Port Stephens and surrounds.

The quarry supplies products to these local councils for roads and other public structures. Without the Martins Creek Quarry these products will have to be imported at increased cost to these local councils.

Local communities in the Hunter need the benefits provided by Martins Creek Quarry – employment and economic benefits.

The proponent has encouraged companies and drivers to sign the Voluntary Code of Conduct, further demonstrating our commitments to addressing issues raised by local communities.

I have not made a reportable political donation and I wish for my details not to be made public.

Yours sincerely
