To whom it may concern,

I write this letter in support of the proposed Martins Creek Quarry expansion project - application number SSD 6612.

I have worked for Daracon group for 1 year. Daracon employs over 800 people and the Martins Creek Quarry expansion provides job security to many of us working for the Daracon Group.

The Quarry also provides materials to many local and state projects crucial to the region: road construction, housing, railway construction and public infrastructure. The Quarry doesn't just provide job security to employees but provides security to the delivery of these of these projects. The flow on effect these infrastructure jobs will bring to the area is also significant.

I have not made a reportable political donation.

Yours Sincerely,

Wayne Urwin
