To whom it may concern,

I write this letter to lodge my support for the Martins Creek Quarry Expansion Project (SSD 6612).

I have just started working for Daracon this year and this project is important to me as it impacts not only on the business but on my 800 colleagues currently working for Daracon. The Quarry plays an important part in the supply chain to many projects within the Hunter Valley area, and if we were to lose one of only three suppliers of hard rock to the local construction industry this has a flow on affect to numerous other local companies, their employees (just like me) as well as the ability to meet the future demands of construction projects.

I support the Martins Creek Quarry proposed expansion project and the security it provides to Daracon employees and the other companies in the construction industry.

I have not made any reportable political donations.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'S. Riddock', written in a cursive style.
