I support the Equilibria Proposal as I am a Wahroonga resident in Coonanbarra Rd and don't want to be forced out of my home. I don't want my children breathing in the diesel fumes that will lead them to an early death. This proposal is a far better option for all than Transurban's. Please don't limit the lives of our children from deadly cancer forming particles that won't be filtered by the stack. Please build it in the Hornsby industrial area as Equilibria proposed. Please save all the children in all the surrounding schools of Wahroonga. It's your job to help make our lives better, not the opposite.
