NorthConnex indicative diagrams

11 September 2014 4:30 pm

Inbox

Good afternoon,

Thanks to those that were able to meet with myself and members of the project team yesterday.

For those that weren't able to attend, I will follow up with meeting notes in the coming days so you are aware of what was discussed.

As committed at the meeting, I am forwarding the diagrams we referred to for your review.

In relation to the commitment to come back to you with specific information relating to operational noise, given that your properties aren't specifically identified in the EIS, we have initiated further investigation and will come back to you in the coming weeks with specific information relating to your properties at Coral Tree Drive Carlingford.

As discussed, I encourage you to make a submission to the Department of Planning and Environment by [tomorrow afternoon](#), 12 September 2014.

Please go to http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=6136 to lodge your submission.

As mentioned, I would suggest referring to the fact sheet How to make a submission found at http://www.northconnex.com.au/docs/Factsheet_How_to_Make_a_Submission.pdf

I look forward to following up with you all and providing the additional information as soon as it is available.
