Dear Sir/Madam,

NorthConnex Application Number SSI 13\_136

We strongly object to the proposed project by NorthConnex in relation to the location of the northern ventilation stack.

We are local residents, living in Woonona Avenue, who will be directly, adversely affected by the stack from the perspective of the impact on our local environment, our health and the amenity of our neighbourhood.

We urge that the plan be amended to locate the stack in the Hornsby industrial area. Ducting the air to the industrial area will reduce the impact of the project on the environmental, health and the visual impact for us and other local residents.

Yours sincerely,

Nino and Gai Di Bartolomeo
