Dear Sir

EIS Submission – NorthConnex Proposal  
Application number - SSI 13\_6136

My name is Zoe and I am 11 years old. I am a student at Prouille Catholic Primary School in Wahroonga and I live in Wahroonga.

I am very worried that I will be living and going to school in a suburb with a smoke stack that will cause A LOT of pollution. Wahroonga has always had very clean air and I don't want to get sick, or for any other people to get sick due to the pollution from the tunnel.

Someone in Wahroonga has developed the Equilibria Proposal to make sure the air is cleaner and that Wahroonga becomes one suburb again by building apartments on the motorway. I think this is a great idea and the government should take it seriously. After all, isn't the health of residents and also thousands of school children more important than how much tunnel the government's money can buy?

Please look at the Equilibria Proposal.

Yours sincerely,

Zoe.

Zoe
