Darlington 2008NSW

10-06-2018

Darlington and mixed use Development Application No.SSD7539  
Submission

Attention Director-Social and Other Infrastructure Assessment

I Terry Lord make this Declaration that to my knowledge have not made any Reportable Political donations in the past two years.

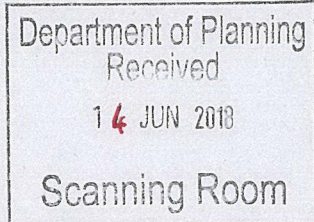

I object to the proposal as presented

The reason for my objections is as follows: thr area of objections are. The Buildings, The changers to Darlington lane, the use and behaviour of students.

To Whom it May Concern

My family have lived and owned and maintained this home for approx. 65 years

- (1) My concerns if the new building goes next to my house at 97 Darlington rd. Darlington. I want it to be Five meters away from my boundary
- (2) Because of the dust coming from the building site,
- (3) The washing line cannot be used because of the dust.
- (4) I will have to buy a dryer at my cost, estimated cost \$8 to \$12 a week my cost.
- (5) I will have little sun shine on my land, it will be very dark, if the new building is at the present distance, as showing on the draft.
- (6) I have 4 cat cats and I am worrier the noise being to close will frighten the cats. I do not know how I will be able to care for them and control of my cats.
- (7) Back of my property, I will not be able to pick up and drop off goods.
- (8) Noise I am experiencing from the students in the houses, from screaming out loud it will be greater because of the increase in student's number. Parties will increase, inside and outside on the footpath plus broken bottles on footpath, road sings, unbearable loud music, when approached they can be very nasty.at time 4-00am this has happen to me.

Yours truly

Terry lord
