It is noted that the EIS advises:

The site accommodates a grassed helipad located to the south of the site. The proposed development does not seek any alteration to this existing helipad. No new helipads or other aviation-related facilities are proposed as part of the redevelopment.

Also, at approximately RL 44m, and with a taller existing building next door, the proposed building(s) will not infringe the Obstacle Limitation Surfaces for an Aerodrome (156m AHD).

Therefore CASA has no comment.
