Dear Sir/Madam

Regarding Submission SSD 8669 St Aloysius' College Redevelopment

I am writing to **object** to submission SSD 8669 for St Aloysius various sites in Kirribilli. I specifically comment on the Junior School.

We are residents on Cnr Carabella and Bligh Streets and we have no detailed drawings to consider, just concept plans. We can not assess the impact on our home unless we know what will be built in the future. It is unreasonable to ask residents to comment on a development that has no detailed plans.

In addition, the wonderful trees along Bligh Street and Crescent Place are marked for removal on the concept plans and I do not support their removal.

The concept plans mention additional classrooms however the Principal has assured residents there will be no increase in student numbers - so why are more classrooms needed?

We have little information on the concept plan's proposed excavation at the Junior School and the impact on our property and we are very concerned it may cause damaged to our property.

Sincerely yours,

A handwritten signature in dark ink, appearing to read 'D Kindl', with a large, stylized loop at the beginning.
