[REDACTED]

The Mayor and all Councillors
North Sydney Council.

I am writing to oppose SSD 8669 application.

We back on to Crescent Place, and would be severely disadvantaged by the work proposed
We have lived in Kirribilli for the last 33 years, and we well remember the damage to our houses when the harbour tunnel was built, and that was some way away. It is inconceivable to think of what would happen with this so close to the houses in Crescent Place between Bligh and Burton Streets, not to mention the noise and obstruction with our parking.

Yours faithfully,

[REDACTED]
