Dear Ms Jones,

Submission on the Sydney Metro – Chatswood to Sydenham EIS

The City has reviewed the Sydney Metro – Chatswood to Sydenham Environmental Impact Statement. Please see the attached submission.

The City is supportive of the Sydney Metro project.

The Sydney Metro will provide important mass transport capacity to the Sydney CBD and importantly, link the Global Economic Corridor through a sustainable transport project.

The City believes there are some real opportunities for better public domain, transport integration and social outcomes at a number of the stations, and these are included in our submission.

While broadly supportive, there are instances where the City is of the view that the Secretary's Environmental Assessment Requirements have not been fulfilled in terms of the urban design and flood impacts.

Should you wish to speak with a Council officer about this response, please contact Melanie Fyfe, Senior Project Manager – Transport by telephone on 9265 9333 or by email at mfyfe@cityofsydney.nsw.gov.au.

Yours sincerely

Monica Barone
Chief Executive Officer
