

Additional submission on below.

24/8/20

I would like to make an additional comment on my previous submission re Section 4.5 (2) -SSD7709 (MOD 1) Page 20 Dangerous goods covered under B176.

Submission: I totally oppose any construction of warehouses to be totally dedicated for storage of dangerous goods.

To have a massive warehouses storing only DG's, being located in the middle of residential is absolutely frightening.

Yours sincerely,

Allan Corben
