Dear Sir

REFERENCE TO THE ABOVE APPLICATION

I, Mrs Helen Van Vlemen **most strongly object** to the current proposal of expansion of the existing Resource Recovery at Glenfield.

REASONS FOR OBJECTION ARE AS FOLLOWS:-

1. Distance : Myself and my family reside extremely close to the proposed expansion.
2. Contents of Building Waste – is the Resource Recovery going to monitor what the trucks are loaded with before they dump – example the carrying of asbestos, chemical waste or even nuclear waste.
3. Hours of operation – within strict guidelines to be adhered to.

4. Noise will be extremely deafening of the extra trucks entering the Resource Recovery.
5. The trucks will have an impact on traffic.
6. Protection is paramount as the expansion will be close to the Georges River – wildlife will suffer.
7. With the extra tonnes of waste the smell when the wind is blowing in the right direction will certainly impact on the residents.
8. Pollution – air, land and water could be affected. Dust from the area most certainly concerns me.(health issues)
9. The Resource Recovery will need in my opinion a barrier to maintain all this extra dumping.

.....

I, Helen Van Vlemen declare that I do not or have in the past ever donated to any political party.

Yours truly,

H. Van Vlemen
