

Objection to the Pindimar Abalone Farm Project, 10_0006^{mp}

Kathleen McElhinney
54 Allandale Rd
Cessnock NSW 2325

Dear Mr Hazzard,

We are objecting to the Pindimar Abalone Project because we feel that the beautiful vacation land around Port Stephens is an inappropriate place for heavy industry. A project like this will damage the ecology of an area that is largely wild as well as disturb the residents who live adjacent to the site with noise, odour, and heavy traffic and will have an adverse effect on the tourism industry.

Please reject this proposal and help preserve this wonderful place.

A handwritten signature in blue ink, consisting of several loops and a final flourish.
