

Exhibition of Modification Request

Eastlakes Shopping Centre - Mixed Use Development

Application No. MP 09_0146 MOD 4

Location 19A Evans Avenue and 193A Gardeners Road, Eastlakes

343 BUS ROUTE

Outlined below is an analysis of the peak hour flow for the 343 bus. We have included a range of buses provided from 6:30 am to 9:30 am. Out of this only the buses that are applicable to the determination of increase seats required per bus are those that ensure commuters reach their work destination have been selected. These buses will be impacted by the increased high density from the above development. It would be inappropriate to spread the increase in commuters that arise from the development over a time period of 6:30 am to 9:30 am as the true impact of additional commuters from the above development will greatly felt for buses taking commuters to work between 6:30 am 7:30:00 AM, hence we have restricted the number of buses to that which is truly representative of Peak hour bus availability

AM peak hour flow - 6:30 -7:30 am

Day of the week	Time	343 Buses taken to arrive CBD and Chatswood by 830 am or 900 am
