SSD 7014 MOD 5 - Zephyr Bar

To Rodger Roppolo

Hello Rodger,

I refer to your correspondence to Council dated 11 April 2019.

It is assumed that you are separately seeking comments from the NSW Police and the Office of Liquor, Gaming and Racing regarding the performance of the venue.

The City recommends that the assessment of the modification include an assessment of the performance of the venue, compliance with the BCA, cumulative acoustic impacts and compliance with noise conditions, and the management of patrons.

Regards,

Shannon Rickersey
