Dear Sir or Madam,

**Re: Application No. SSD-10414**

We are the proud owners of 

We are very distressed after having read the proposed project by Jarre Pty Ltd (application # SSD-104 14).

We **strongly object** to this application and the mega structure covering 80,370m2 and which will tower as high as 135.9 metres of 33 levels.

This project will hugely impact on the traffic, pollution, rubbish, chaos etc for a lifetime. We understand it will provide employment opportunities; however this will only be temporary during construction, if the project goes ahead.

The current beautiful quiet surroundings will eventually feel like Sydney with its ridiculous smog and congestion. Also, seeing towers as big as the one being proposed will create frustration and ill feelings between the Gosford population and the Council, as the current views will be severely affected.

Yours sincerely,
