**I am against this proposal on the following grounds:-**

Dust will be a major problem if this site receives approval. It will no doubt be blown far & wide with a strong wind  
Contrary to the applicants proposal it cannot be contained.

Traffic will also be a very serious problem & will cause significant hold ups not to mention the danger trucks with  
dogs will cause to cars turning left from Debenham Rd into Gindurra Road this could quite well cause fatalities.

I am very concerned that many other companies will take advantage of the area & request more dumps without any  
consideration to the locals, environment nor farmland which is much more important.

I have not made any reportable political donation in the past two years.
