I am very much against this Development Somersby was to be a Clean Industrial Area

My concerns with this application are as follow:-

The effect that the process of crushing materials will have a detrimental effect on the nearby wildlife not to mention businesses in the area.

Also the silica dust will have an adverse impact on the Riding for the Disabled School, Mount Penang Gardens, & Kariong High School to name a few.

Turning the existing Somersby name & tourist area into a suburban waste dump.

The increase in truck movements will create extensive delays & could cause many accidents not to mention trucks breaking down as they so often do.

I have not made any reportable donation to any political party in the past 2 years
