I am against this development.

My concerns with this application are as follow:-

I believe the enterprise will create dust problems which will impact on the Kariiong Community as well as the people who live & work in Somersby. Dust travels quite a long distance especially on windy day. No doubt this dust will also contain substances which will be harmful to the locals as well as the environment.

Another big concern is the impact that the number of trucks will have on the section of road coming off the expressway between Wiseman's Ferry Road & The Avenue at Kariiong which is a bottle neck in the mornings & later in the afternoon.

I have not made any reportable donation to any political party in the past 2 years

Yours faithfully
