Re: Kariong Sand And Soil Supplies Facility - SSD-8660

To the Department of Planning - Major Projects,

I would like to show my support for the proposed development of the Kariong Sand and Soil Supplies Facility.

My reasons for supporting this project are:

- creating local jobs
- boost to local economy
- a need for landscaping materials on the Central Coast
- a need to recycle building materials on the Central Coast
- a sustainable vision for the Central Coast
- diverting waste from landfill.
- Dealing with a company that has been doing this for many years in a professional manner.

Thank you for recording my response in support of this application on the planning portal.
