To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast

☑ Benefits to the environment by diverting waste from landfill

☑ It is well located in the Somersby Industrial Estate and convenient to travel to

☑ It will help grow business in and around Somersby

☑ It provides a boost to the local economy through job creation

☑ It highlights the sustainable vision of the Central Coast Council through recycling

☑ Increased reputation for the Central Coast and the Somersby Industrial Park

☑ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast

☑ Benefits to the environment by diverting waste from landfill

☑ It is well located in the Somersby Industrial Estate and convenient to travel to

☑ It will help grow business in and around Somersby

☑ It provides a boost to the local economy through job creation

☑ It highlights the sustainable vision of the Central Coast Council through recycling

☑ Increased reputation for the Central Coast and the Somersby Industrial Park

☑ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☐ A need to recycle building materials on the Central Coast

☐ Benefits to the environment by diverting waste from landfill

☐ It is well located in the Somersby Industrial Estate and convenient to travel to

☐ It will help grow business in and around Somersby

☐ It provides a boost to the local economy through job creation

☐ It highlights the sustainable vision of the Central Coast Council through recycling

☐ Increased reputation for the Central Coast and the Somersby Industrial Park

☐ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast

☑ Benefits to the environment by diverting waste from landfill

☑ It is well located in the Somersby Industrial Estate and convenient to travel to

☑ It will help grow business in and around Somersby

☑ It provides a boost to the local economy through job creation

☑ It highlights the sustainable vision of the Central Coast Council through recycling

☑ Increased reputation for the Central Coast and the Somersby Industrial Park

☑ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

- ☐ A need to recycle building materials on the Central Coast
- ☑ Benefits to the environment by diverting waste from landfill
- ☐ It is well located in the Somersby Industrial Estate and convenient to travel to
- ☐ It will help grow business in and around Somersby
- ☑ It provides a boost to the local economy through job creation
- ☐ It highlights the sustainable vision of the Central Coast Council through recycling
- ☐ Increased reputation for the Central Coast and the Somersby Industrial Park
- ☐ Needed state-of-the-art facility with a positive effect on environment and the economy
- ☑ Reduced illegal dumping
- ☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast
☑ Benefits to the environment by diverting waste from landfill
☑ It is well located in the Somersby Industrial Estate and convenient to travel to
☑ It will help grow business in and around Somersby
☑ It provides a boost to the local economy through job creation
☑ It highlights the sustainable vision of the Central Coast Council through recycling
☑ Increased reputation for the Central Coast and the Somersby Industrial Park
☑ Needed state-of-the-art facility with a positive effect on environment and the economy
☑ Reduced illegal dumping
☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast

☑ Benefits to the environment by diverting waste from landfill

☑ It is well located in the Somersby Industrial Estate and convenient to travel to

☑ It will help grow business in and around Somersby

☑ It provides a boost to the local economy through job creation

☑ It highlights the sustainable vision of the Central Coast Council through recycling

☑ Increased reputation for the Central Coast and the Somersby Industrial Park

☑ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast

☑ Benefits to the environment by diverting waste from landfill

☑ It is well located in the Somersby Industrial Estate and convenient to travel to

☑ It will help grow business in and around Somersby

☑ It provides a boost to the local economy through job creation

☑ It highlights the sustainable vision of the Central Coast Council through recycling

☑ Increased reputation for the Central Coast and the Somersby Industrial Park

☑ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

- ☐ A need to recycle building materials on the Central Coast
- ☐ Benefits to the environment by diverting waste from landfill
- ☑ It is well located in the Somersby Industrial Estate and convenient to travel to
- ☑ It will help grow business in and around Somersby
- ☐ It provides a boost to the local economy through job creation
- ☑ It highlights the sustainable vision of the Central Coast Council through recycling
- ☐ Increased reputation for the Central Coast and the Somersby Industrial Park
- ☑ Needed state-of-the-art facility with a positive effect on environment and the economy
- ☑ Reduced illegal dumping
- ☐ Run by a well respected family owned business

☒ Please delete my personal information before publication

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☒ A need to recycle building materials on the Central Coast

☒ Benefits to the environment by diverting waste from landfill

☒ It is well located in the Somersby Industrial Estate and convenient to travel to

☒ It will help grow business in and around Somersby

☒ It provides a boost to the local economy through job creation

☒ It highlights the sustainable vision of the Central Coast Council through recycling

☒ Increased reputation for the Central Coast and the Somersby Industrial Park

☒ Needed state-of-the-art facility with a positive effect on environment and the economy

☒ Reduced illegal dumping

☒ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

- ☑ A need to recycle building materials on the Central Coast
- ☑ Benefits to the environment by diverting waste from landfill
- ☑ It is well located in the Somersby Industrial Estate and convenient to travel to
- ☑ It will help grow business in and around Somersby
- ☑ It provides a boost to the local economy through job creation
- ☑ It highlights the sustainable vision of the Central Coast Council through recycling
- ☑ Increased reputation for the Central Coast and the Somersby Industrial Park
- ☑ Needed state-of-the-art facility with a positive effect on environment and the economy
- ☑ Reduced illegal dumping
- ☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☒ A need to recycle building materials on the Central Coast

☒ Benefits to the environment by diverting waste from landfill

☒ It is well located in the Somersby Industrial Estate and convenient to travel to

☒ It will help grow business in and around Somersby

☒ It provides a boost to the local economy through job creation

☒ It highlights the sustainable vision of the Central Coast Council through recycling

☒ Increased reputation for the Central Coast and the Somersby Industrial Park

☒ Needed state-of-the-art facility with a positive effect on environment and the economy

☒ Reduced illegal dumping

☒ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast

☑ Benefits to the environment by diverting waste from landfill

☑ It is well located in the Somersby Industrial Estate and convenient to travel to

☑ It will help grow business in and around Somersby

☑ It provides a boost to the local economy through job creation

☑ It highlights the sustainable vision of the Central Coast Council through recycling

☑ Increased reputation for the Central Coast and the Somersby Industrial Park

☑ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast

☑ Benefits to the environment by diverting waste from landfill

☐ It is well located in the Somersby Industrial Estate and convenient to travel to

☑ It will help grow business in and around Somersby

☑ It provides a boost to the local economy through job creation

☑ It highlights the sustainable vision of the Central Coast Council through recycling

☐ Increased reputation for the Central Coast and the Somersby Industrial Park

☑ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☐ Run by a well respected family owned business

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

- ☑ A need to recycle building materials on the Central Coast
- ☑ Benefits to the environment by diverting waste from landfill
- ☑ It is well located in the Somersby Industrial Estate and convenient to travel to
- ☑ It will help grow business in and around Somersby
- ☑ It provides a boost to the local economy through job creation
- ☑ It highlights the sustainable vision of the Central Coast Council through recycling
- ☑ Increased reputation for the Central Coast and the Somersby Industrial Park
- ☑ Needed state-of-the-art facility with a positive effect on environment and the economy
- ☑ Reduced illegal dumping
- ☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast

☑ Benefits to the environment by diverting waste from landfill

☑ It is well located in the Somersby Industrial Estate and convenient to travel to

☑ It will help grow business in and around Somersby

☑ It provides a boost to the local economy through job creation

☑ It highlights the sustainable vision of the Central Coast Council through recycling

☑ Increased reputation for the Central Coast and the Somersby Industrial Park

☑ Needed state-of-the-art facility with a positive effect on environment and the economy

☑ Reduced illegal dumping

☑ Run by a well respected family owned business

To the Department of Planning, Industry & Environment Director – Industry Assessments,

I would like to show my **support** for the proposed development of the Kariong Sand and Soil Supplies Facility, application reference SSD 8660. My reasons for supporting the development are:

☑ A need to recycle building materials on the Central Coast
☑ Benefits to the environment by diverting waste from landfill
☑ It is well located in the Somersby Industrial Estate and convenient to travel to
☑ It will help grow business in and around Somersby
☑ It provides a boost to the local economy through job creation
☑ It highlights the sustainable vision of the Central Coast Council through recycling
☑ Increased reputation for the Central Coast and the Somersby Industrial Park
☑ Needed state-of-the-art facility with a positive effect on environment and the economy
☑ Reduced illegal dumping
☑ Run by a well respected family owned business

To the NSW Department of Planning - Major Projects, I would like to show my support for the development of the **Kariong Sand and Soil Supplies Facility** (SSD-8660). My reasons for supporting the proposal are:

- ☑ Creating local jobs
- ☑ Boost to local economy
- ☑ Diverting waste from landfill
- ☑ A need for landscaping materials on the Central Coast
- ☑ Helping support a sustainable Central Coast
- ☑ A need to recycle building materials on the Central Coast
- ☑ Prevent illegal dumping in the area
- ☑ Helping the government acheive its recycling targets
- ☑ It is an important piece of infrastructure

Fill in and drop in post box. No stamp required!
