Attn: Director, infrastructure Projects.

**Rouse Hill Rail Line
Extension of time for submissions**

I refer to your recent announcement of further extension of time for submissions relating to the North West Rail link at Rouse Hill. My submissions relate not as a directly affected land owner but more generally from a wider community perspective. I have the following submissions:

That any changes to the proposed railway foot print not impact heritage items in the Rouse Hill vicinity, specifically the old avenue/lane currently used as a Bus lane along the eastern boundary of Old Windsor Road and the Vinegar Hill cemetery.

That the proposed extension proceed to Schofields where it be turned south to head toward Blacktown along the Richmond line, thus making the new line a self contained circuit.

I thank you for the opportunity to make further comment and trust your thoughtful consideration.

Yours faithfully

David Campbell
