RECONCILIATION UNITY NETWORK INC

our organisation attended the community consultation meeting at the Redfern community centre in March 2017 and were very impressed with the presentation and information presented by the Aboriginal Housing Company. We also add the following:

The Pemulwuy Project – a mixed-use development in Redfern

① The proposed alteration of precinct 3 does not alter drastically from the original (approved) plans.

② The fundamental reasoning behind the ATC building the student accommodation (precinct three) is both socially and economically sound and will provide the financial input needed for the whole project.

Please provide your comments on the proposed changes to the Pemulwuy Project.

Please attach additional pages if you need to.
