You can say more about these on the back of this page.

The ammended plans for the student accommed-
ation within the Eveleigh Street development is
completely incongruent with the rest of the local
area. If allowed to be built under the most recent
application, the building will cast huge shadows
over the surrounding homes and businesses in a
multiple of directions, depending on the time of
day. As well, it will greatly alter the views
of hundreds of existing residents in the Redfern
area, not to mention how it will dwarf the
proposed Aboriginal housing development.
