Subject: Objection Pemulway increase DA

To whom it may concern,

I oppose this increase or any increase in student housing for pemulway . The development is already too big and this proposal triples the original size and the promo video doesn't show the significant difference between this development and the surrounding very small 2 storey Terrance houses. There is already enough student housing in Redfern too...new large ones. (Regent, Lawson and Cleveland Sts) There has to be a better solution for public housing which I support fully for the block. I do not support the tripling in size of this building which significantly impActs the local community , their amenity and their peaceful surrounds.
